This two-bedroom villa is a one-level ocean-view residence with a massive patio and private garage. The property has been completely upgraded with fine finishes of wide-plank sprung hardwood floors (like in a dance studio), travertine, granite, and solid alder wood cabinetry. The home is completed with custom hand-carved wood furnishings and designer accents throughout. It's a comfortable floor plan with open living, kitchen, dining areas, and an ocean view master that opens to the expansive patio. The property also has an attached one-car, private garage.
